

WHAT WE LOVE ABOUT LIVING IN STOCKPORT

Good range of shops & services

Easy access to Manchester & Countryside

Historical areas & public places

Nature & clean air

The amount of things to do

WHAT WE HOPE FOR THE FUTURE

For Stockport to be more inclusive & more accepting

More Half term activities

More green spaces & calm places

Peace

It grows and becomes a better place

Stop littering

CRAFTING WITH KIMMY

from Self Care Creatives CIC

This month we took part in planning and making the Sew Stockport Chronicles community embroidery artwork. The group planned for the artwork by making Vision Boards and painted fabric for the background of the piece of art for the Stockport Town of Culture project.

HOW TO:

Get  involved in Stockport Town of Culture!

www.onestockport.co.uk

If you visit this website then all of the activities (a lot of them free!) that are taking place to help celebrate Stockport being the town of culture are listed! You might also want to ask any of your local community groups (like PIE or Start Point) to see if they are running sessions, or if they know of any other local activities going on!

 Stockport will be Greater Manchester Town of Culture until April 2024 so keep your eyes peeled and get involved!

POETRY CORNER

Stockport is great,
Because the people are better
than the weather.

Bumbling idiots roam through
the empty streets at midnight,
Because they are looking for
somewhere to rest their heads.
Cars rumble through the busy
roads near the pyramid,
Because it is a historical
monument and a symbol of
significance.

Find the spirit of the people
and town,
Because is it a landmark of the
history.
(Elle and Rex)

DID YOU KNOW?

The Stockport Frog trail was created in 2019 to represent the leap forward that Stockport was trying to make as a town. These frogs were designed by local businesses and schools, and then were placed around Stockport as a trail to encourage people back into the town centre. They can now be found all over Stockport, including outside Edgeley Park, in the Underbank and one near the famous Strawberry studios.

MONTHLY MANGA

Sonia Nevermind was chosen for the monthly manga because she moved from her home country to go to a special high school. She shows off her culture to others and is fluent in thirty languages!
